

## Reclamation 2022 AfterBurn Report

Well, what can we say about Reclamation 2022 except that it was PHENOMENAL!!!

We had zero (0) Medic or Ranger reports during the burn. The weather was perfect, and we had no interlopers.

We had initially sold 53 tickets in the beginning of 2020 for Reclamation 2020. However, we all know how that turned out. Those sold tickets were rolled over to the next event which would turn out to be in May of 2022. We gave 10 free tickets (we call them "Up the Creek" tickets) to folks who were financially unable to attend. We had 83 participants on site during the event.

Our plan is to be bigger and even better next year.
